# Introduction

These policies and procedures are a compilation of motions passed at VESTA General, Proportional Representatives' (PR)/Staff Representative (SRA) and Executive Committee and Table Officer meetings, VESTA/VSTA joint General and Executive Committee meetings, and VTF General and Executive Committee meetings from 1891 to the current year. All references are to VESTA meetings unless otherwise indicated. On June 13, 2022 VESTA changed it's name to VEAES, Vancouver Elementary and Adult Educators' Society.

The Vancouver Elementary School Teachers' Association wishes to express its appreciation for the valuable work done by those members who generously contributed their time to review and compile this policy book.

Steve Norman (VESTA President 1976-78) initiated work on the policy book in 1977. His research took him from 1891 September 20 - the first meeting of the Teachers' Association, Vancouver - to 1978. Alan Crawford updated the book to 1981. Various committees began updating the policy book 1998. The Policy and Procedure Committee became a standing committee in 2000 and was discontinued in 2006. Updating the Policy Manual is now the responsibility of the President and/or Vice Presidents. Glen Hansman and Rossanne Tanner updated the book, to June 2011. The updated version to June 2016 was prepared by Janek Kuchmistrz, Jill Barclay and Amy Jang. The policy handbook is now being kept up to date by a Vice-President and Executive Assistant.

Therefore, overtime will be calculated as outlined in Article 24, with the exception that a work week will average (31) hours not thirty-five (35).

It should be noted that this interpretation and method of reducing vacation credits does not apply during the balance of the year for employees working modified work weeks (Article 22.3). For purposes of claiming vacations in periods other than summer hours employees subject to modified work weeks are required to revert to regular hours--i.e., five days, 35-hour week--for those weeks in which vacation days are claimed.

### C. Brief History

The teachers' associations that currently exist in Vancouver are structured differently from any other local in the province. This stems from our historical development as an association of elementary teachers.

An overview of the more significant events is as follows:

The first register of proceedings of the Teachers' Association, Vancouver, was a record of its first meeting on 1891 September 29, at 16:00 hours at Central School, where teachers had assembled at the request of the Board of Trustees to discuss matters "pertaining to the profession". At that time teachers held a monthly meeting in each school but this was the first general meeting. At the 1891 September 29 meeting it was decided unanimously that a meeting be held on the last Thursday of each month at 7:30 p.m. to "discuss methods and reading papers on teaching". Subsequent meetings were held 1891 October 29, 1891 November 26, 1892 January 28, 1892 February 25, 1892 March 31, 1892 April 28, 1892 November with 1893 January 26 being the last recorded meeting.

The founding meeting to form the Vancouver Teacher Association was held 1914 November 27.

In the 1920s, sections were very distinct, separate entities in the VTA. Those existing were:

Principals	Supervisors
Vice Principals	Senior Teachers - Grades 7, 8
Senior High Teachers	Intermediate Teachers - Grades 5, 6
Junior High Teachers	Junior Teachers - Grades 3, 4
Manual Training Teachers	Primary Teachers - Grades 1, 2
Domestic Science Teachers	

In the late 1920s and early 1930s when Vancouver City was amalgamating to its present size the teachers of Vancouver formed a Greater Vancouver Teachers' Association (involving VTA, South Vancouver Teacher Association and Point Grey Teacher Association).

The GVTA was formed in 1928 with each association remaining as a section and a central executive committee elected to deal with the Vancouver School Board.

Sub groups of the VTA began to feel that their diverging interests could not be adequately represented by one organization.

The VTA had problems with its representatives giving opinions that were representative of all the various sub groups within the Association and eventually groups broke away from the VTA.

Notably, the VTA got the first contract with a school board in the province that recognized both experience and qualifications as factors - June 1929.

Vancouver Elementary Teachers' Association was formed 1930 November 18. (VETA was informally changed from VETA to VESTA on 1935 October 21).

Vancouver Secondary Teachers' Association (VSTA) was formed on 1935 June 17.

In October 1935 VESTA agreed to join the Vancouver Teacher Council on the basis that there be:

- i. Four VESTA members
- ii. Four VSTA members and
- iii. Two Vancouver School Principals' Association members.

During the Depression, the salary negotiation team endeavoured to regain salary levels achieved in 1930.

On 1938 June 15, VESTA was incorporated under the Societies Act.

In 1939 Elementary principals and vice principals were still members of VESTA.

In 1938, September the quorum was changed in the constitution from 20% to 10%.

In 1941 December, the Vancouver School Board agreed to restore the 2½% taken from the 1930 salary scale.

On 1944 October 26, it was carried that salaries for men be slightly higher than salaries for women. Salary differentials of up to 30% had been in effect for many years; however, the principle of equal pay for equal work was applied to the Salary Schedule in future planning.

In 1947, VESTA Salary Indemnity Fund was initiated.

On 1948 May 31 a Women's Section was formed.

On 1949 June 13, VESTA received a letter from the Vancouver School Principals' Association stating that they were withdrawing from the Vancouver Teacher Council. No representatives were appointed for the 1949-50 year from VESTA and the VTC was dissolved.

On 1952 May 5, it was decided that the city be divided into four (4) zones and a representative from each zone sit on the executive.

In 1958-59, several options were discussed regarding the lack of attendance at general meetings held once a month.

On 1959 April 30, the Proportional Representative System was adopted.

On 1960 May 17, the executive moved that a public relations workshop be held in early fall.

In 1965, VESTA had 93 delegates attending the BCTF Annual General Meeting.

On 1987 November 1, the BCTF granted a charter for local association #39 (Elementary).

On 1988 January 26, The Industrial Relations Council declared the Vancouver Teachers' Federation as the bargaining agent for teachers in School District #39.

On 1989 July 31, VESTA and VSTA purchased a building at 2929 Commercial Drive and moved into newly renovated office space at #105 on February 25, 1990 and expanded into additional meeting space 1992 September 1. The address was changed to 2915 Commercial Drive on July 1, 1996. The office space was renovated during the summer of 2005.

In 1994 the NDP government introduced the Public Education Labour Relations Act, imposing provincial bargaining on all BCTF locals in the province. VESTA and several other locals sought an injunction against this move. An injunction was not granted. VESTA continues to advocate for full local bargaining to be restored.

In 1994 Adult Educators in Vancouver joined VESTA and successfully bargained their own Collective Agreement with the Vancouver School Board.

In 2002 the Liberal government legislated away the hard-won workload language from teachers' collective agreements. This resulted in the removal of all references to caseloads, class size, class composition, and inclusion from the Collective Agreement which Vancouver teachers had previously bargained (and had gained in the place of improvement of salary and benefits). A court challenge to this stripping of our Collective Agreement is in process.

On November 10, 2016 the Supreme Court of Canada affirmed teachers' bargaining rights and agreed with the arguments that the BCTF has been making since then Education Minister Christy Clark first stripped teachers' collective agreements in 2002. Less than four months after the BC Teachers' Federation won the landmark victory at the Supreme Court of Canada, a tentative agreement with the employer and government was reached. The agreement fully restores all the substantive collective agreement language that was unconstitutionally stripped in 2002.
